### Why do you want to join the Board of Directors?

To provide valuable input into the continued growth of RMMHA. Our association has a tremendous history of skill development and inclusiveness, all while fostering the development of invaluable social and societal skills in our players. I would like to be a contributing Director to the continued positive growth of our association. I also believe that our association is behind the eight ball because our community's growth rate outpaces the national average, but in particular in the 0-14 age category which presents many challenges for a community with limited resources (available ice sheets and training facilities etc...).

### What do you hope to achieve while sitting on the Board?

I hope to collectively (the whole board) achieve positive results/outcomes against our current headwinds such as facilities and volunteering. Furthermore, I would like to see our association liaise with other associations not only locally, but regionally for the purposes of positive growth and efficiency.

### What makes a great Board member?

- A democratic mindset (when issues are contentious, voting and respecting the process).
- Experience in a variety roles in both career and volunteering capacities.
- A genuine belief in what the organization or association is trying to accomplish.
- Positivity. Board positions such as this are on a volunteering basis. Everyone involved is giving their valuable time and energy, and it's important to keep things positive and light.

<b>How many hours can you commit to the Board of Directors?</b>	As much as required. My time is valuable but I would not put my name forward without the intent to fully commit myself.
