Why do you want to join the Board of Directors?

I would like to join the board because I am passionate about hockey and the association and I would like to use that passion in a positive way to help make RMMHA the best association in the province. I have volunteered as a coach for several years and feel this would be another great way to contribute to the organisation. By volunteering my time and using my skill set to help out, I hope to have a positive impact on both the board and the association.

What do you hope to achieve while sitting on the Board?

I work in the media/communication industry and feel I can help the board in those areas as needed. I would also like to see more ice sheets in the RMMHA catchment area and would work to advocate at various levels of government for funding to achieve this. Ultimately, I would hope the association is in a better position when I leave than it was when I joined the board.

What makes a great Board member?

I think a great board member needs to be passionate about both hockey and people, have a willingness to learn, and be open-minded when dealing with challenging situations. A great board member also needs to be fully committed to participating in board activities and embracing all the decision-making challenges that come with the volunteer role. One must also be collaborative and have good communication skills.

How many hours can you commit to the Board of Directors? As many as needed.
