What has been your biggest accomplishment while sitting on the Board?

I am proud of all the work we have done as a group on the board over the last 5 years. Being apart of a group that has helped elevate RMMHA's reputation among our peers is evident at events like the BC Hockey AGM. I am extremely proud of the excellent coaches and developers we have leading our kids.

What would you like to achieve while sitting on the Board of Directors?

Two items I would like to achieve while sitting on the Board are:

1. Evolve and improve our lead developer model, learn from our mistakes this season and enhance our offering for the greater good of our kids & volunteer coaches long term development.
2. Help improve the culture of sharing information between coaches in our association through the formation of a Coaches Manual, formalized AP process and coach appreciation events.

What makes a great Board member?

Someone who is self motivated, organized and has the time to commit to what is needed to help our association run. The ability to listen & try to understand perspectives that differ from our own is also very important.

How many hours can you commit to the Board of Directors?

Whatever it takes
