What has been your biggest accomplishment while sitting on the Board?

Increasing coach retention in C-level hockey—particularly within the older age divisions—has been a key focus of my work. Ensuring that our volunteer coaches feel valued and have a meaningful voice in the organization has been a central priority during my time on the board.

I have also worked collaboratively to improve the association's approach to discipline, with the goal of creating a more consistent and equitable process for all members.

What would you like to achieve while sitting on the Board of Directors?

My goal is to continue strengthening transparency across all of our processes for the benefit of every member. Whether it involves disciplinary matters, the A training camp process, or C team balancing, we are committed to openness and clarity in our decision-making. There are no hidden agendas—only a shared dedication to collaborative work that fosters trust in our organization and ensures hockey remains an enjoyable and positive experience for all participants.
